

Group Benefits for Small Business

Big business benefits any small business can afford

The most popular options of our group life and disability income programs can be implemented quickly for businesses with 4 to 50 employees. The plans, which may be employer-paid or voluntary (employee-paid), are affordable, too. Annual premiums are a fraction of what most small business owners and their employees thought they would be!

Easy implementation and administration

Employee benefits promote higher long-term employee satisfaction and increase retention. Group

Benefits for Small Business makes these benefits easy to understand, purchase and administer.

The plans include:

Group Life for Small Business

- Accelerated ("living") benefit and AD&D benefits included
- Dependent life insurance and 3-year portability available with voluntary plan
- Beneficiary AssistSM grief, legal and financial counseling

Group Short-Term Disability Income for Small Business

- May be offered with a CNA Group Life or Group Long-Term Disability Income plan
- Benefit equal to 60% of weekly salary, up to stated dollar amount
- 14-day elimination period
- 13-week or 26-week benefit period

Group Long-Term Disability Income for Small Business
